Join us for the 3rd Annual Golf Tournament for The Salvation Army-Drive for Hope.

Welcome to the Kroc Center—a place that encourages members of the community to come together like never before. The Kroc Center currently has over 5000 individuals on Scholarship—giving them access to a state-of-the-art fitness, athletic, and aquatics facility. Many class and camp scholarships have also been awarded. In 2011, we project that it will require over \$625,000 in donations to maintain and grow the program.

We are looking forward to our 3rd Annual Golf Tournament, which is an effort to increase awareness and funding for our scholarship program for youth, teens, families, and seniors of the community.

The Kroc Center Story

The 123,000 square-foot Coeur d'Alene Kroc Center redefines what a community center is all about. This unprecedented place of gathering and enrichment will house an array of education, sports, faith, arts and supportive programs never before assembled in the Inland Northwest. The programs, as well as the building itself, have been designed to stimulate the mind, body and spirit, to provide hope, and to transform the life of each and every member of the community.

A fulfillment of Joan Kroc's vision, the Kroc Center in Coeur d'Alene, is a nearly \$80 million investment in the community set amongst 12 acres off of Ramsey Road. The Center will house four major components: a center of worship and performance venue, an aquatics center, fitness and recreation center, and special event facilities as well as arts, education, and fitness programming.
